Invitation to participate in free international conference
Landslide Scientific Assessment Conference (2022): Landslide Hazard

LandScient

Dear,

Professionals, Experts, Hazard/Risk Managers, Academics, Professors, Researchers, Students
Geological Survey of Iran (GSI)

Best regards,

The LandScient company, headed by scientific researcher Roberto J. Marín, sponsors a free and open international event called “Landslide Scientific Assessment Conference (2022: Landslide Hazard.” It will be held from October 18 to 20, 2022 (virtual).

The purpose is to promote a space for the dissemination of scientific, academic, and professional knowledge focused on saving lives due to natural hazards (landslides specifically). We extend a cordial invitation to all people related to this entity, to register and actively participate in this event.

International authors who are experts in this subject will present their research articles published in the most important scientific journals worldwide. Here is the list of authors and articles that will be presented: <https://landscient.com/conference/#program>

We believe that you may be interested in attending this (free) virtual event, so we encourage you to spread the word and register at <https://landscient.com/conference/#registration>

You can find more information about this event at <https://landscient.com/conference/>

We look forward to meeting you at the Landslide Scientific Assessment Conference (2022).

Blessings,

Roberto J. Marin (Director), E-mail: rjmarin@landscient.com, rjose.marin@udea.edu.co
